

No. 412 – Small instrument bag with new design, complete

No. 112 – Only bag

The small instrument bag is very stable and practical for carrying a selection of the following instruments:

- **No. 104 – Sliding caliper (Martin type)**
- **No. 106 - Spreading caliper with rounded ends (measuring range. 0-300 mm)/ or No. 107 - Spreading caliper with pointed ends (measuring range. 0-300 mm)**
- **No. 111 – Plastic tape 0-1500 mm / 0-60 inch / or No. 111 D - Electronic ruler**
- **Dermatograph (red) and pencil**

Inside the bag has a placeholder for each instrument, numbered accordingly. The bag is made of a textile Cordura, it is a very robust, abrasion-resistant, textured nylon. The slightly roughened surface gives Cordura a pleasant feel. It has a quick-drying and water-repellent finish so that moisture rolls off.

- **Caution: For cleaning please do not use acetone or acetone-containing cleaning agents.**
